REACH Compliance Declaration

The European Regulation (EC) 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) entered into force on 1st June 2007 and ECHA Candidate list, updated June 10 2022.

HM International is manufacturer and distributor of electronic products, thus, in the sense of REACH, we are so called “downstream-users”. The products we supply to you are solely non-chemical products (goods). Moreover and under normal and reasonably foreseeable circumstances of application, the goods supplied to you shall not release any substance. For that, HM International is neither obliged to the registration nor to the creation of material safety data sheet (MSDS).

Furthermore, we will immediately inform you in correspondence to REACH – Article 33 if any substance of content (as from a content of <0.1 %) in our goods will be classified alarming by the European Agency for Chemicals ECHA. Based on the current status, however, we do not expect such an incidence.

HM INTERNATIONAL
